

SUMMER PROJECT 2024

Rescuing the enslaved
with spiritual, physical
and economic freedom.

Brick Kiln Rescue

Partnering with Unknown Nations, our summer project will be a concentrated rescue of enslaved workers in a dark region.

Please see more information at the display in the foyer.

The Brick Kiln industry operates without regulation. It is believed that 90% of the three million workers are ensnared in debt bondage. Complete families are enslaved. Women and children face not only grueling labor, but also the threat of sexual exploitation.

Brick Kiln workers must make 1,200 or more bricks a day under the threat of physical violence or death.

Unknown Nations has indigenous leaders who are now actively involved in sharing the gospel and providing “The Treasure” (audio Bibles) in the hands of these needy people.

The Lord is bringing in the harvest. Lives are being changed!

Our Primary Objective:

To ensure that individuals who are currently enslaved in the brick kilns receive access to the gospel and experience spiritual, physical and economic freedom.

Financial Goal: \$28,000

The estimate to completely rescue a family is \$3,500. It is our desire to assist at least 8 families in being rescued this summer.

We will collecting funds now through September 1st.
Mark gifts- **“Summer Project”**

Project Goals:

#1-Gospel Access... “Treasure Audio Bible”

#2-Discipleship... Indigenous leaders visit regularly and develop discipling long-term relationships

#3-Freedom... physically free and economically empowered families within a local church

- ⇒ Provide 2 months housing near believers
- ⇒ Two months of income
- ⇒ Training and equipping them with microeconomic opportunities.

Thank you!

Please consider joining us in making Jesus known in one of the most challenging and dark places.

**Together...Let’s
Rescue the Perishing!**
